Dear Sirs:-

Your favor of the 18th inst. is at hand, enclosing letter from one of your customers, which we return to you herewith. We know of no suggestion that we can make other than that you insist on your customer keeping the #3 Edison-Mimeograph Typewriter. It is more than likely that they will be able to get almost as much speed on it as they would on a high priced or key-board machine.

We do not advertise the machine as being a rapid one, and we are confident that the machine in every way is all that we represent it to be, and we know of no reason why you should take it back, or at all events why we should.

Yours very truly,

A handwritten signature in dark ink, which appears to read 'A. B. Dick Company'. The signature is written in a cursive, flowing style.
