N. N. Hill Brass Co.,

East Hampton, Conn.

Gentlemen:--

We have yours of the 22nd inst. with sample bell. The stamped bell would be about the correct size, but we are offered a steel stamped gong at considerably less than half the price of the brass gong. Can you furnish the steel gong, same size, etc. as the brass sample sent us?

Your prompt advice will oblige,

Yours truly,

NATIONAL TYPEWRITER COMPANY
Incorporated.
