

Wyckoff, Seamans & Benedict,

339 BROADWAY, NEW YORK.

**4-DRAWER
DROP CABINET.**

When the desk lid is shut down, the type-writer is lowered into the desk, and so nicely is the weight adjusted that only a very slight force is necessary to bring the type-writer back into place for writing.

—THIS WE CAN FURNISH IN—

Black Walnut, Ash, Oak and Natural or Stained Cherry.

PRICE, \$25.

We carry in stock the finest grade of linen papers for use on Type-writer of anybody in the world.

SEE OTHER SIDE.

Dear Sir:-

This is a sample of the work of our new No. 3 Standard Type-writer, taking paper fourteen inches in width, and writing a line twelve inches long. This machine is especially adapted for lawyers and others who use wide paper such as is required in England, and also for Insurance Companies in filling policies &c.

You will observe that this machine gives three widths of line spacing as shown in this sample, each paragraph being written with the machine set to give different line spacing. For all purposes where a machine is required to write on paper wider than eight inches, we consider this type-writer to be superior to anything yet produced; we therefore confidently recommend it to our patrons as the best writing machine extant.

This machine combines the fundamental principles which are essential to the manufacture of a first-class writing machine, with those later improvements already applied to our No. 2 machines, which have been developed by a thorough knowledge (gained by experience) of what is needed to produce the best type-writer. This machine has 42 keys by means of which the following 86 characters can be written: 1 2 3 4 5 6 7 8 9 0 a b c d e f g h i j k l m n o p q r s t u v w x y z
A B C D E F G H I J K L M N O P Q R S T U V W X Y Z : ; () - " ' ? $\frac{1}{4}$ $\frac{1}{2}$ \$ _ & ° * # / % @ £ \$. , !

Yours very truly,

Wyckoff, Seamans & Benedict,

339 BROADWAY, NEW YORK.

NEW DROP CABINET.

THIS cut illustrates the cabinet ready for type-writer use; and the change from the desk to type-writer table is made by simply raising the central part of the desk lid.

This Cabinet combines a type-writer table of the best quality, with an ornamental office desk, suitable for use in library or private office.

It is made of Black Walnut, Ash, Oak and Stained or Natural Cherry.

PRICE, \$30.

This cut represents the Cabinet ready for desk use.
