

The \$10.00 Marvel Junior Typewriter for \$8.98.

Boys! and Girls! Write Your Letters on This Typewriter.

Size,
10x9½x5
Inches.

Light in weight, durable sheet steel construction, nickel trimmed. Single key operation eliminates jamming. Its mechanism is very different from that of any other typewriter and is entirely enclosed, making it especially practical for use by children. Prints capital and small letters with all standard characters from steel face type of standard design through a renewable carbon ribbon in the same manner as the commercial typewriter. No operating experience required. Shipping weight, 3½ pounds.
